Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: My Compounded Prescription relieves
my symptoms of perimenopause and makes
it possible for me to live normally throughout
the month. It also alleviates symptoms
that were previously debilitating such as
depression, sleeplessness and anxiety.
Without my medication I doubt I'd be
alive at this time.
